Transition Exeter Food Group Invites you to

Exeter 2012 :
Food, Farming and Land Use : What *is* Going on?

A series of talks exploring land-use in Exeter's surrounding countryside

"Stand at the top of the High Street, look out to Exeter's hills and fields and imagine what abundance could connect it with the city"

Most of us are urban. Few of us have any immediate rural connections and even fewer of us know what happens on the land that we pass by. These talks will help us know more about the land and those that work it in complex and challenging times.

Thursday 09 February
"Traditional farming and land use around Exeter, including forestry" with **Sir Harry Studholme** *(Perridge Estate, Longdown)* **and Melanie Squires** *(Regional Director, National Farmer's Union)*

Thursday 08 March
"Young farmers farming around Exeter" with **Russell Carrington** *(Transition Farms Herefordshire)*, **Chris Berry** *(Kennford)* and **Sam Ursell** *(Just Us Organic, Tedburn St Mary)*

Thursday 12 April
"Small holders, fruit growers, allotment holders around Exeter"
Jyoti Fernandez *(Five Penny Farm and "The Land" magazine)* and others

at Jury's Inn, Western Way, Exeter, EX1 2DB
7.00 p.m., tickets £3/£2

The final two talks in the series will be on
Thursdays 10 May and 14 June.
