Abb fest is firmly placed on the calendar of Devon foodie events attracting a record breaking 7,500 visitors in 2011 to its site alongside Fermoy's Garden Centre near Newton Abbot.

There is always a great atmosphere with a unique mix of beer, food, craft and entertainment on offer and stallholder's report great sales in a fun atmosphere.

Abb fest has become one of the region's most successful food and craft festival's: unique because of the strict policy of only allowing Devon producers to attend, making it a very special festival that just keeps on growing.

We hope that you will decide to join us at Abb fest 2012. This year we are offering two choices of stall to give those that need it, a little extra space and flexibility. Space is limited and we do restrict the number of suppliers of each food or craft type so early booking is advisable.
